

15.1.23 Ash Class learning

English

The children really enjoyed reading Ted Hughes' Iron Giant last term. We have therefore decided to harness this and build our own Iron Giants! These are being built from junk and the children will think about what their giant will eat, where it will go and whether it is good, or a little bit naughty!

We are reading...

In phonics we have been revisiting our learning of the following digraphs:

Ow as in snowman
Ow as in worm
Ea as in Heather
Ey as in grey

Maths

We are now beginning to work within twenty. This may sound like something your child can already do, but due to the varied skills needed, it is tricky for many children! This week we will be focussing on numbers 11-19 and representing them.

Next week:

Homework due on Wednesday – please spend 20 minutes on whichever tasks your child engages best with. Please come to school in PE kit on Wednesday AND THURSDAY. Please help your child learn to put on their own shoes and socks.

We hope to be going outside as often as possible – if you know your child doesn't like wet clothes or shoes, please send them in their own wellies and/or clean socks, and waterproof trousers if appropriate. Thank you!

Other news

In Science we will be starting to collect data about the weather in our country (mainly rain at the moment!)
In Computing we are using commands to control human robots – our friends!
In PSHE we be thinking about how we react when things go wrong and how we can manage some of our big feelings.
In Geography we are comparing where we live with a different country.
We will continue with ball skills in PE and will also be looking at gymnastics
